Meghan Fest's cameo portraits surround pets with lush greenery themed to match their pup- and purrsonalities, ranging from the mini size 2.5" x 3.5" all the way up to 9" x 12." She adds depth and color to her ink sketches by carefully shading with markers, creating pieces that are a far cry from the smeared Crayola sketches many of us were responsible for in our childhoods. Fest is also the caretaker of the moderately instafamous [@thecatnamedpizza](https://www.instagram.com/thecatnamedpizza), a bowtie-wearing Russian blue whose piercing green eyes have nabbed him over 7,500 followers.
