

JOSE DEHOYOS

DIRECTOR

ABOUT

My philosophy on directing is two-fold; from the actor's perspective and from the playwright's work. As an actor, I have the training, knowledge, and experience in working with artists from their point of view. My goal is to take the playwright's work, and create a world that the artist can live and perform in. My strengths in movement and stage pictures, visually, help in reaching those goals. My styles include dark comedy, comedy, Commedia, LGBTQ, and Musical Theatre, respectively.
