jacqelinejesicah@gmail.com

A born and raised San Antonio Latin x/ Tejana author and artist who speaks through different artistic expressions such as painting, storytelling and writing in order to honor San Antonio's culture and community.

Artist Statement

I am a multi-talented artist with an interest in telling the stories of this fantastical world. My art combines the past, present, and future into one realm through verse, prose, and visual media. Whether writing about folklore or painting futuristic renderings of tomorrow, my work is a tribute to the city of San Antonio. A city that continues to thrive within the art world and beyond. I capture the beauty, depth and passion of the world. I am your poet, painter and storyteller..
