Heal My Heart, Moonbow

KALLIE CHEVES

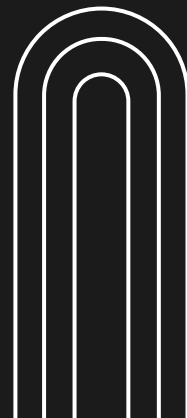

When a little boy's pet dog died, his heart felt so broken.
He missed her so much and wished he could hug her again.

Through his tears he remembers the story of the magical
Moonbow, the rainbows that shine at night, and their secret
power to heal hearts.

Dream with him as he travels back in time and space to when
the Earth was also little and lost their best friend too.

Heal My Heart, Moonbow

Children's Picture Book
Limited First Edition, 2021
Kindle Direct Publishing, 2022

There is a hole in my heart,
a big missing piece,
that my best friend took with them,
when they had to leave.

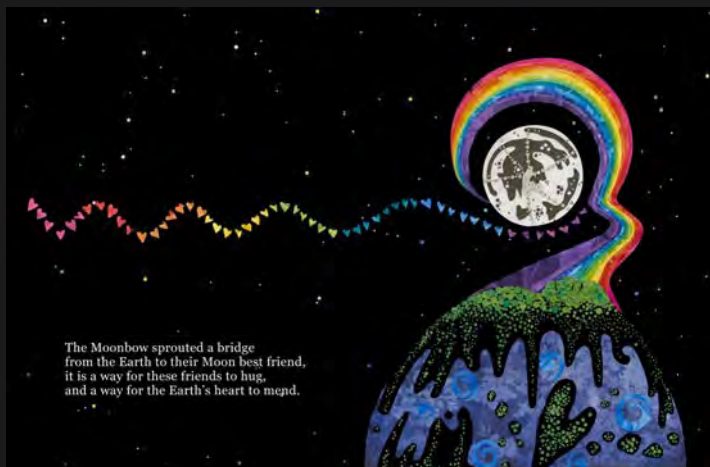

A shiver tickles my arms
while a quiet hugs my ears.
My cracked heart hurts so much,
I tried to fill it with my tears.

Moonbow (detail)*
Children's Picture Book
Limited First Edition, 2021
Kindle Direct Publishing, 2022

Their spirit whispered away,
and their body turned to dust.
The Earth's best friend flew to the sky,
their heart felt so crushed.

The Moonbow sprouted a bridge
from the Earth to their Moon best friend,
it is a way for these friends to hug,
and a way for the Earth's heart to mend.
