

HELLO, MY NAME IS

Tré  
Rochelle

**ABOUT ME**

I am a R&B/Soul recording & performing artist with a modern jazz twist. I weave my personal experiences into soulful rhythms and introspective lyrics. My music invites listeners on a journey of love, pain, and self-reflection, fostering deep connections through vulnerability. Despite life's challenges, I have opened up dialogues and used my music to give back to the community. I am a mental health advocate for authenticity and is resilient in my personal journey, serving as an inspiration for others not to give up on their dreams. With a dynamic and engaging live performance style, my music tells stories that resonate, inspiring people to heal their hearts and follow their dreams.
