Employment Experience

San Antonio Metropolitan Health District- Healthy Neighborhoods Community Health Worker

November 2015- Present

- Engaged and motivated residents from diverse backgrounds in the South side of San Antonio to organize group projects that produced positive health outcomes.
- Train Asset-Based Community Development curriculum to resident leaders in marginalized communities throughout San Antonio.
- Developed, planned, and recruited youth, and volunteers for a Skateboard Mentorship program that provided street safety and wellness classes and disseminated 36 skateboards and safety gear.
- Coordinated outreach efforts with community-based partners, local businesses, and resident leaders to distribute public health education materials.
- Conducted new hires' onboarding orientation of the City of San Antonio's policies and procedures, an overview of current public health laws and regulations, and an introduction to Metro Health programs.
- Supervised a summer intern's hands-on community experience in partnership with Family Services Association and CAST Med Charter High School. Submitted official monthly timesheets to Family Services Association.
- Conducted surveys for public health information and report requests.

Special Assignment- R.E.A.C.H. Influenza Community Connector

August 2020- September 2021

- Organized pop-up vaccination clinics in high-risk and high-disparity communities of San Antonio as part of Metro Health's Flu Vaccination Strike Team
- Through extensive direct interaction with community partners recruited community-level spokespersons to promote influenza vaccinations through grass-root efforts.

Special Assignment- COVID-19 Community Health & Prevention Team Member

April 2020- June 2020

- Conducted community outreach and maintained relationships with community and partner organizations by disseminating educational materials and conducting presentations about best practices to slow the spread of COVID-19.
- Utilized the Bexar County Census Tract Dashboard to strategize outreach efforts to businesses in zip codes with the highest reports of COVID-19 cases.

Southwest Key Programs- A Bridge Home Youth Justice Mentor/ Facilitator

October 2016- April 2018

- Mentored youth prior to release from a juvenile treatment facility and continued weekly visits to maintain reports for research studies. Weekly visits are focused on developing a positive relationship, goal setting to prevent relapse, and assisting with community resources.

- Utilized Motivational Interviewing techniques to make positive choices in program participants.

Southwest Key Programs- Pathways to Responsible Fatherhood Facilitator

April 2014- September 2015

- Implemented evidence-based prevention initiative Pathways to Responsible Fatherhood cultural/fatherhood-based curriculum throughout the greater San Antonio community.
- Case-managed services to families upon completion of the program to include transportation, providing resources, and life coaching skills to parents and family members.

Bexar County Adult Detention Center- Men Making Changes Facilitator

April 2013- April 2014

- Implemented evidence-based prevention initiatives to improve men's health and promote positive outcomes.
- Facilitate 25-30 male inmates' daily Cognitive Behavior Therapy sessions with the curriculum that is produced through Courage to Change Journaling System.

Bexar County Adult Detention Center- P.A.T.C.H. Technician

June 2012- April 2013

- Maintained recruitment, applications, attendance records, and contact visitation log of daily activities.
- Ensure volunteers and inmates understand their responsibilities for participating in the program and adhere to policies and procedures.

University Health System- Outreach Coordinator

June 2009- April 2011

- Assisted with the planning, development, and implementation of the Male Family Planning and Reproductive Health Program within the Women's and Preventive Health Services Department at the University Health System.
- Maintained the goal and outcomes of the Operational Work Plans that focused on both short- and long-term accomplishment while strengthening relationships with many Community-Based Organizations.
