Title: Eastside is Unity

Date: 2019

Role: Assistant to Emma Diaz

Narrative: This community mural was made for the Eastside Denver Heights area. We had three community meetings and had attendees who were prominent members of the area and felt it was important to place them in the mural, as a way to bring light to those making a difference in their community. In the mural, a beloved teacher is seen as they teach, a football coach with his team, a basketball player about to shoot and a community activist. A store that was once on this location was added, paying homage to the history of the area.
