

M CARLOS GORE

Meet The Artist

I'm a mixed media artist with a background in painting, digital art, printing, large-format mixed media, projection mapping and epoxy 3D reliefs. My grandfather was a painter which spurred my artistic curiosity and childhood art classes created a passion to explore various artistic styles. I enjoy constantly pushing the boundaries of what is possible by intertwining traditional methods with modern applications. My vision is to bridge the gap between traditional artistry and emerging technology.
